

# WINTER PREPARATION TIPS

## FOR YOUR CAR

Keep your gas tank at least **half full** at all times

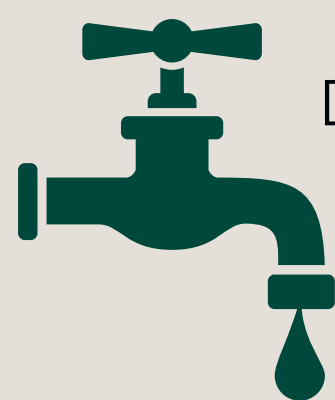

Schedule important maintenance checks, including the **antifreeze** level, **battery**, brakes, exhaust system, heater and **defroster**

Carry a **roadside emergency kit** with jumper cables, warning flares or markers, a shovel and salt or cat litter

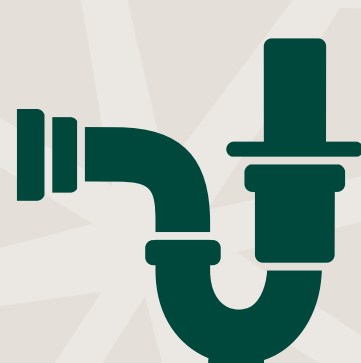

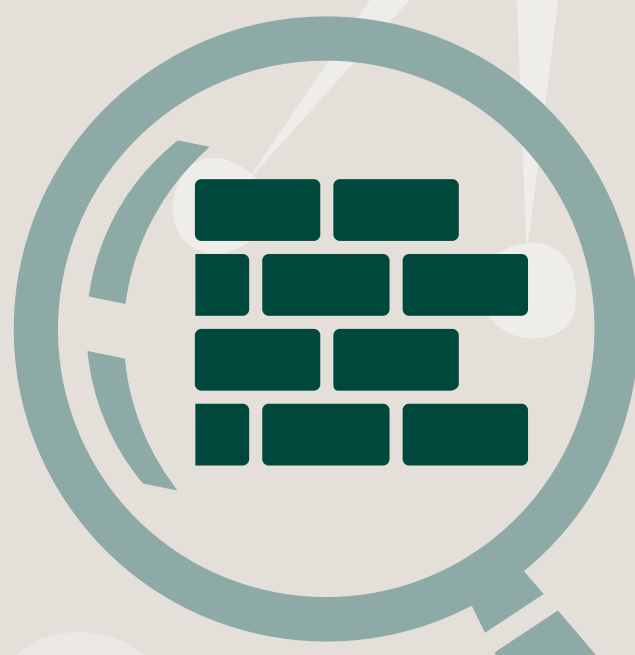

## FOR YOUR HOME

Drain garden hoses, bring them inside and **turn off water** to outside faucets

Schedule **inspections** for your roof, heating system and **chimney**

**Insulate walls and pipes**

**Seal cracks and holes**

in outside walls, the foundation and around windows and doors

Stock up on shovels, sand and non-corrosive ice melt, and if you have a **snow blower**, check to make sure it's working

## REVIEW YOUR POLICIES

If you have any questions about your coverage or would like to review your policies, please call us at **800-242-6422**. Remember, we're here for you whenever you need us.
